History_

A century of aptitude

“Nomen est omen.”

“The name speaks for itself” could translate Plautus’ Latin words. By the same token, Costantini indicates constancy, determination, perseverance.

This takes us as far back as 1922, when Pietro set up the firm at a difficult historical time, still scarred by the First World War. With dogged perseverance, he opened his workshop at San Giovanni al Natisone in the province of Udine after having learnt his trade in a chair factory and become a master chair-craftsman.

Nomen est omen.

“Il valore augurale di un nome”, dicevano i latini. Costantini è costanza, determinazione, perseveranza. Dal 1922, quando Pietro fonda l’Azienda in un periodo storico difficile, ancora segnato nel profondo dalla Prima Guerra Mondiale. Con costanza e caparbia apre la sua bottega a San Giovanni al Natisone, in provincia di Udine, dopo aver appreso il mestiere in una fabbrica di sedie e aver conseguito l’attestato di seggiolaio.

“We are here. And not by chance.”

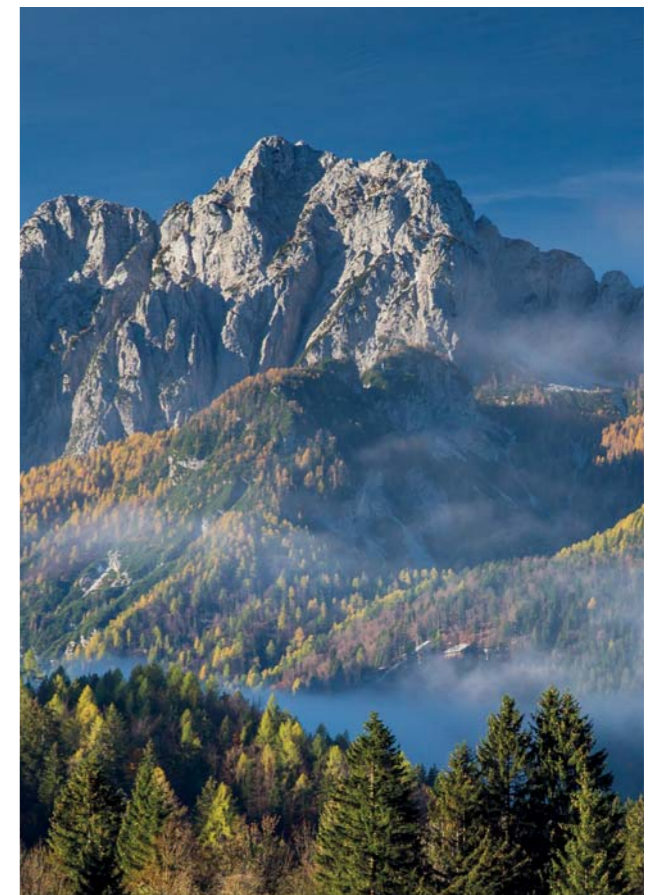

Friuli is a beautiful land of majestic mountains, rolling hills, lush plains, hidden torrents and open vineyards. This is a land that has been disputed, occupied and often forgotten. It’s a tough land, quiet yet restless and industrious. A mirror of those who live here. It’s no chance that it is here that was born what is internationally known as the Land of Chairs or the Chair Triangle as it was once called whose three angles were Manzano, San Giovanni al Natisone and Corno di Rosazzo. With typical Friuli strength, and with that skill, smartness and constancy that made up his very DNA, Pietro turned a simple workshop into a thriving business.

Noi siamo qui. E non è un caso.

Il Friuli è una terra bellissima, di montagne maestose, colline dolci, pianure rigogliose, torrenti nascosti e vitigni scoperti. È una terra contesa, occupata e spesso dimenticata, dura, silenziosa, etica ma irrequieta e laboriosa. Come chi la abita. E, non a caso, proprio qui nasce quello che è internazionalmente riconosciuto come il Distretto della Sedia o Triangolo della Sedia come una volta era denominato, i cui vertici erano Manzano, San Giovanni al Natisone e Corno di Rosazzo. Con quella stessa forza tipicamente friulana, con ingegno, abilità e con la costanza che è parte della sua storia e del suo DNA, Pietro trasforma una semplice bottega in una solida attività.

“Friuli is a lovely land, where a person’s word is an absolute bond.”

“Il Friuli è una terra bellissima, dove la parola data è ancora un comandamento”.

“In an ever-changing world, certainty stems from tradition, from history itself.”

“In un mondo in continuo cambiamento, le certezze sono rappresentate dalla tradizione, dalla storia”

1922 _

2024

Friuli people with bags packed.

Change backed by tradition.

They've gone abroad in every direction. Always ready to go wherever work and fortune beckoned. Friuli people have never feared travel and always faced up to life with few, but heart-felt words. And those who stay, like Pietro Costantini, bend over their work and when they straighten up, it is always to look somewhere beyond.

Costantini Pietro has been growing through three generations. Initially making chairs for the Italian market and subsequently for leading German, French and British producers. And emerging with its own very special, unique identity: an international phenomenon. Its ethics forged by tradition, its identity fashioned by history, its desire to change inspired by the future. And its sparkling present rests on what is known as “made in Italy”. For Costantini Pietro ‘made in Italy’ is no trite phrase, but a belief, a living testament to its roots, something the whole world can be proud of.

Friulano con la valigia in mano.

Hanno varcato i confini in ogni direzione. Non si sono mai tirati indietro se bisognava prendere e partire. E cercare altrove lavoro e fortuna. I friulani non hanno mai avuto paura di viaggiare e hanno sempre affrontato la vita con poche parole ma sincere. E chi è rimasto, come Pietro Costantini, lavora con lo sguardo basso. E quando lo alza è sempre e comunque per guardare oltre confine.

Cambiare, con le spalle coperte dalla tradizione.

Costantini Pietro cresce e continua a crescere da 3 generazioni. Realizza sedute inizialmente per il mercato italiano, in seguito per grandi produttori tedeschi, francesi e inglesi, fino a diventare una realtà con un proprio carattere, unico, speciale. E internazionale. Un'etica forgiata dalla tradizione, un'identità modellata dalla storia, la voglia di cambiare ispirata dal futuro, un fulgido presente poggiato su ciò che oggi chiamiamo “made in Italy”. E per Costantini Pietro il made in Italy non è una frase fatta: è una fede, la testimonianza delle radici, un orgoglio che tutti, in tutto il mondo, ammirano.

Villa Desideria

LOCATION 01 p. 18

Three visionary spaces accommodate and accompany us in discovering the Costantini Pietro collections. Three spaces at once opposite and complementary, finely balancing the natural, the artificial and the inspirational. Three worlds in one universe, where the soul exalts the body. And vice-versa.

Tre spazi visionari ci ospitano e ci accompagnano alla scoperta delle collezioni Costantini Pietro. Tre stili opposti e complementari, in equilibrio tra il naturale, l'artificiale e l'ispirazionale. Tre mondi di un unico universo, dove l'anima esalta il corpo. E viceversa.

Subtle shades and nuances, sober, essential features that result in a harmonious blend of flowing forms and clear-cut lines.

Nuance tenui e delicate, caratteri sobri ed essenziali si miscelano tono su tono in un connubio di forme sinuose e linee decise.

Villa Essentia

LOCATION 02 p. 60

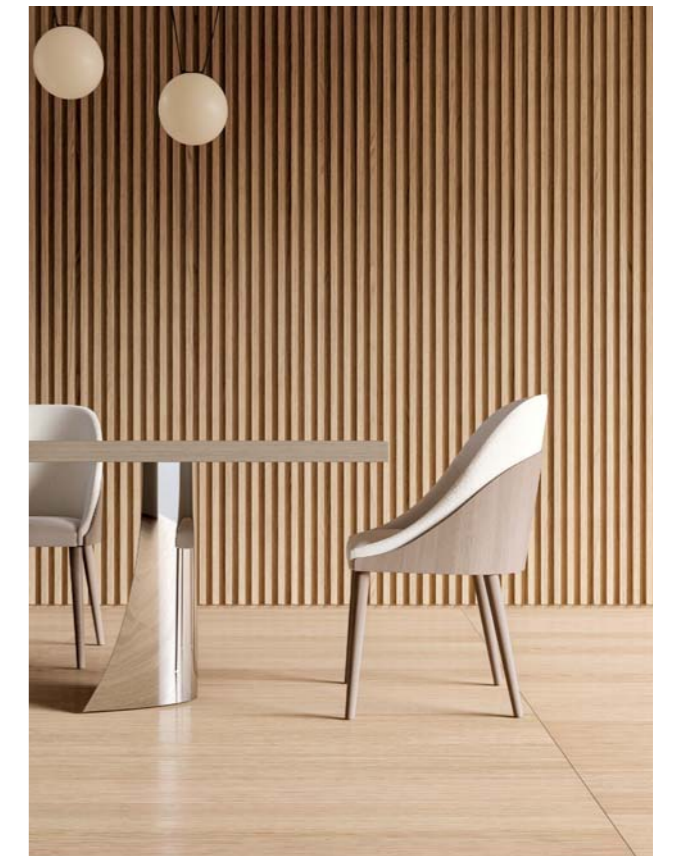

Clean, rational lines that bring together, enhance and intermingle different geometrical shapes aiming to create order and light.

Linee pulite e razionali sanno accogliere ed esaltare geometrie diverse, unite e intrecciate con il compito di creare ordine e lucidità.

Villa Luce

LOCATION 03 p. 90

A manifestation of style, made up of solid forms that are at one and the same time soft and warm, where the various elements are in the spotlight.

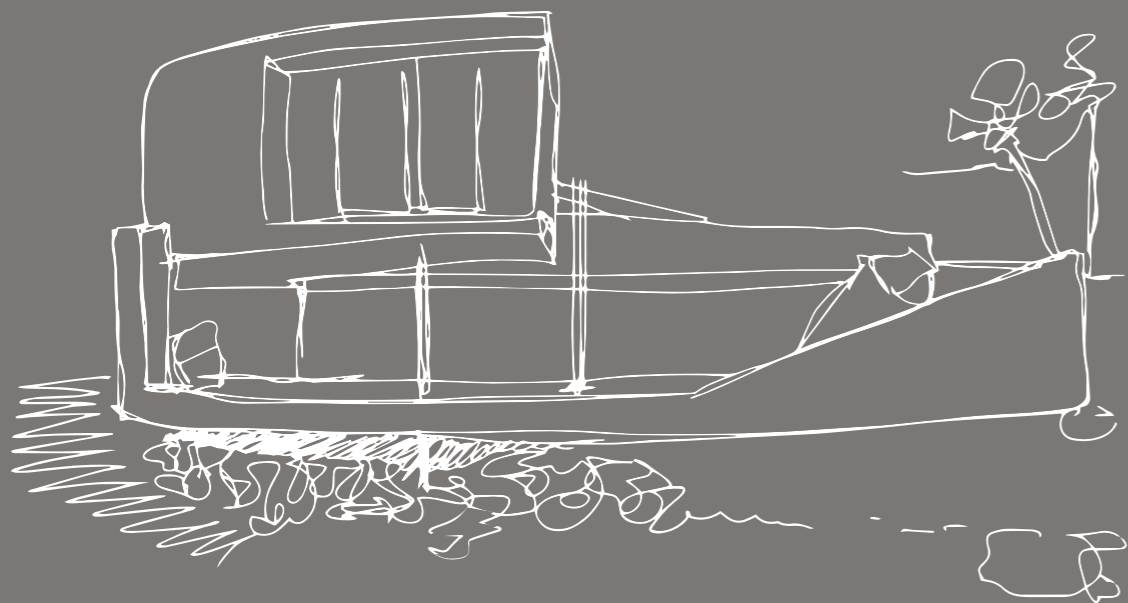

Un esercizio di stile, fatto di forme solide e al contempo morbide e accoglienti, dove gli elementi guadagnano il centro dell'attenzione.

Villa Desideria

Desire is a harmony of contrasts, shapes and colours. Opposites that attract always seeking contrasting elements. Solid bodies that loosen their hold to give way to surfaces, quality materials and tailor-made details.

Il desiderio è armonia di contrasti, di forme, di colori. La forza degli opposti che si attraggono, che cercano costantemente elementi di contrasto.

Corpi solidi che allentano la presa e lasciano aria ai piani, ai materiali di pregio e ai dettagli curati in maniera tipicamente sartoriale.

Villa Essentia

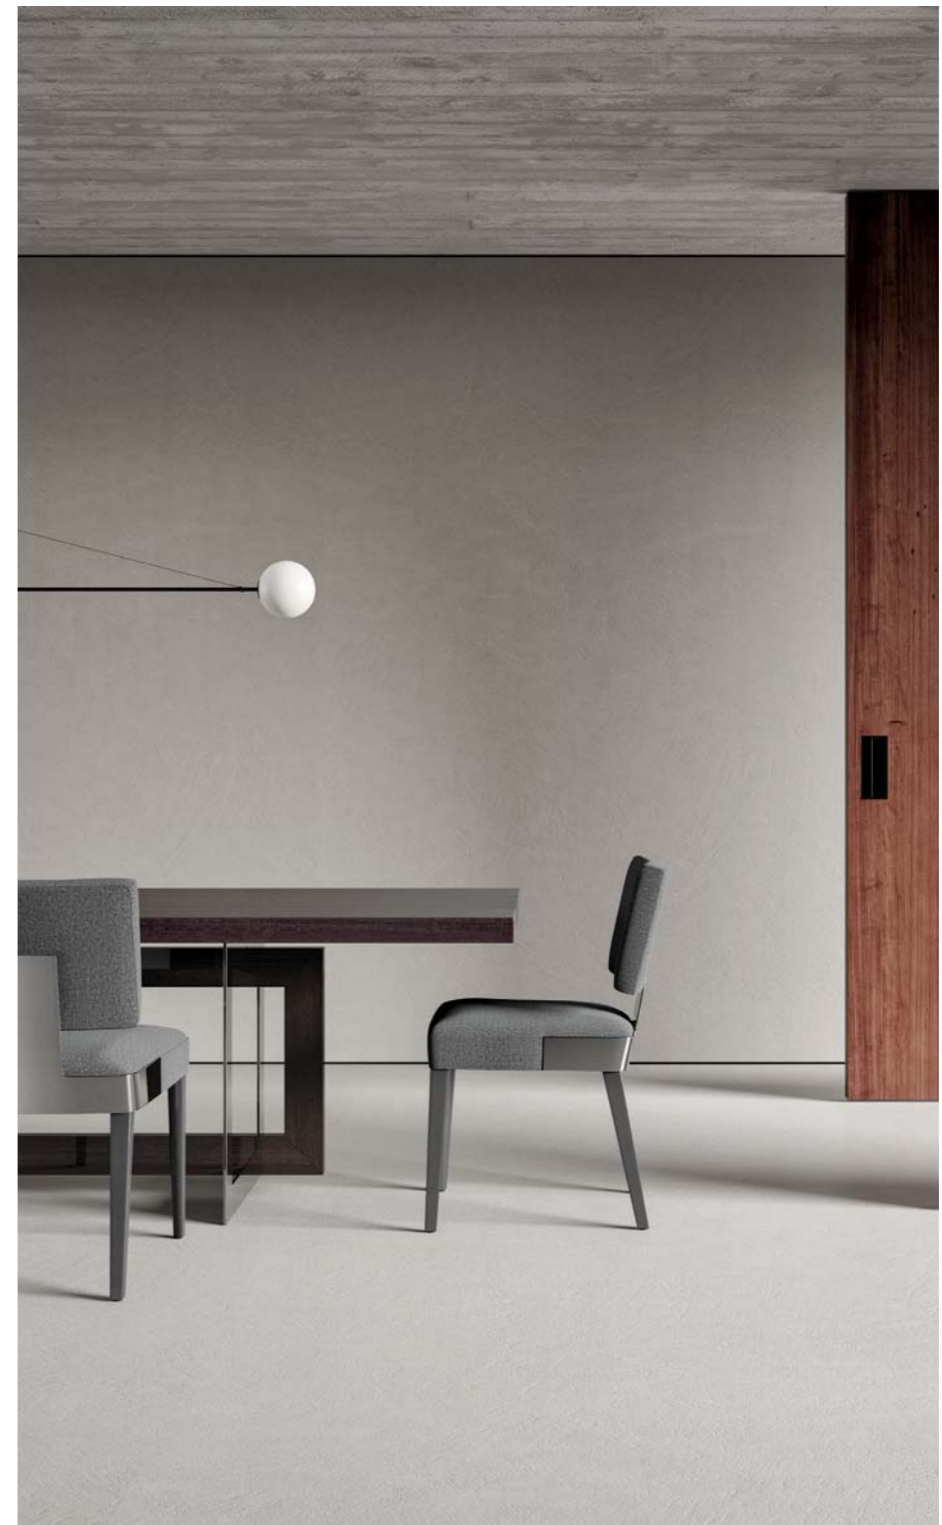

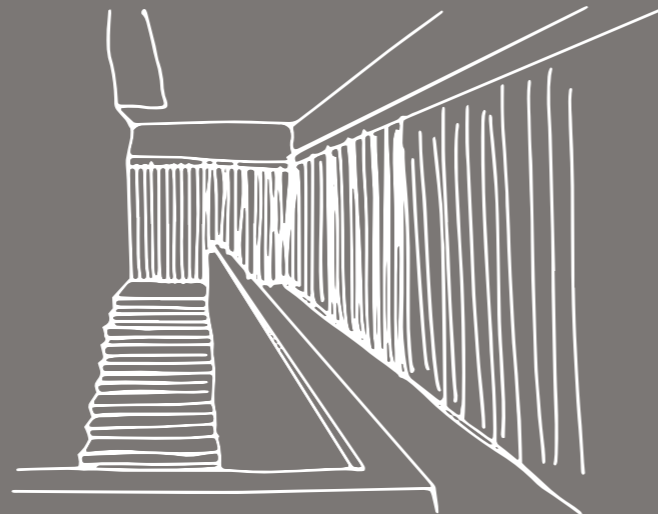

Different personalities and different spirits with a sole strength: the very essence of things.

Linear and clear-cut shapes lead the eye along every surface containing quality materials and showing full, real colours.

The attention to detail enhances exclusivity as the aesthetic key to harmony for everyday life.

Diverse anime e personalità,
un'unica forza: l'essenza.
Le forme decise e lineari conducono
lo sguardo lungo ogni superficie
con la sicurezza di materiali pregiati,
la certezza dei colori veri e pieni.

La cura del dettaglio esalta l'esclusività
come chiave estetica dell'armonia
per la vita quotidiana.

Made in Italy _

For us, design is an art.

Some may see a beautifully made chair. We see a poem.

A chair is not just a chair, nor is dressing table just a table. A chair is an object that must not only blend with its surroundings but enhance the senses: not only lived but living by its own lights. This is where craft becomes art, a blueprint becomes design, new technologies become poetry.

C'è chi vede una sedia bella e ben fatta. Noi vediamo una poesia.

La sedia non è solo una sedia, la console non è solo una console. È un oggetto che deve creare armonia con l'ambiente ma anche risaltare ed esaltare i sensi; deve essere vissuto ma vivere anche di luce propria.

È la maestria artigiana che diventa arte; è il disegno che diventa design: sono le nuove tecnologie che diventano poesia.

Choosing is artistic expression.

Choosing means exploring, following a line of thought, freedom. Choosing means clothing one's personality, making tangible one's own style.

Costantini Pietro realises these concepts by offering the sheerest expression of the choices of architects and interior designers through a catalogue of over 250 products that presents pure and recognisable design, bringing together original and unusual materials with attractive Italian and exotic hardwoods blending in with the highest quality fabrics, leather and metal.

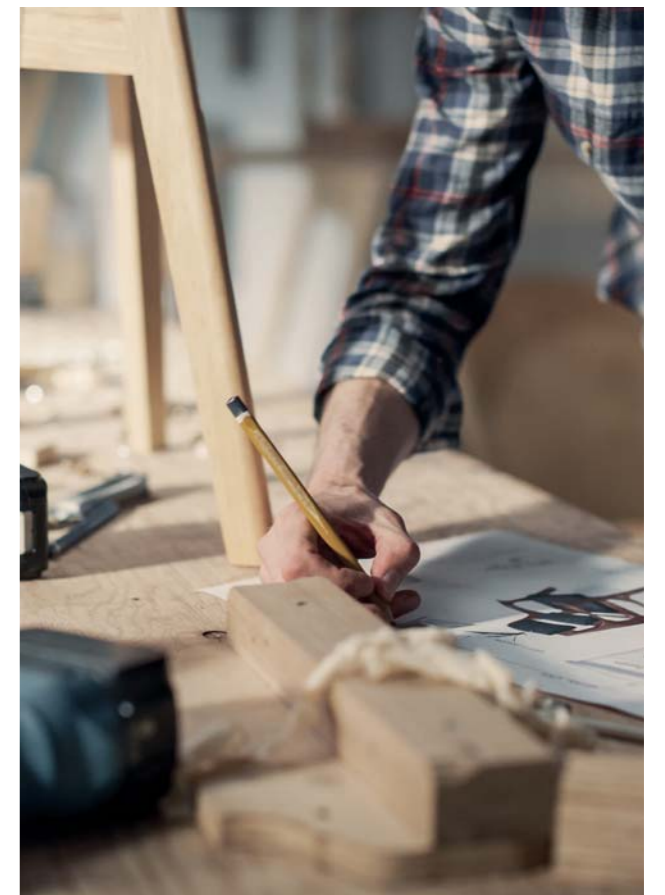

Scegliere è espressione d'arte.

Scegliere è esplorazione, movimento di pensiero, libertà. Scegliere significa vestire la propria personalità, rendere tangibile il proprio stile.

Costantini Pietro esprime questi concetti offrendo la più pura espressione di scelta per architetti e interior designer, attraverso un catalogo di oltre 250 prodotti che presenta un puro e riconoscibile design, originali e insoliti accostamenti materici, entusiasmanti essenze di legno massiccio italiano ed esotico, abbinate a tessuti, pelli e metalli di altissima qualità.

“Our creations are never random, but born out of deep roots, sometimes well-known, sometimes lurking below the surface.”

“Le creazioni non sono mai casuali, nascono da radici profonde. A volte coscienti a volte inconsapevoli”
