Horus

Double leg table

Design by LATOxLATO

Horus table was conceptualized around the curves of the leg. Like a flowing river eroding the rocks in its path, the stone top of the table has been shaped to accommodate the metallic details of the legs.

This table can be realized in a variety of high quality finishes, such as hardwood, lacquer, metal, marble and others, offering a wide variety of possible customizations to fit in your dining-room.

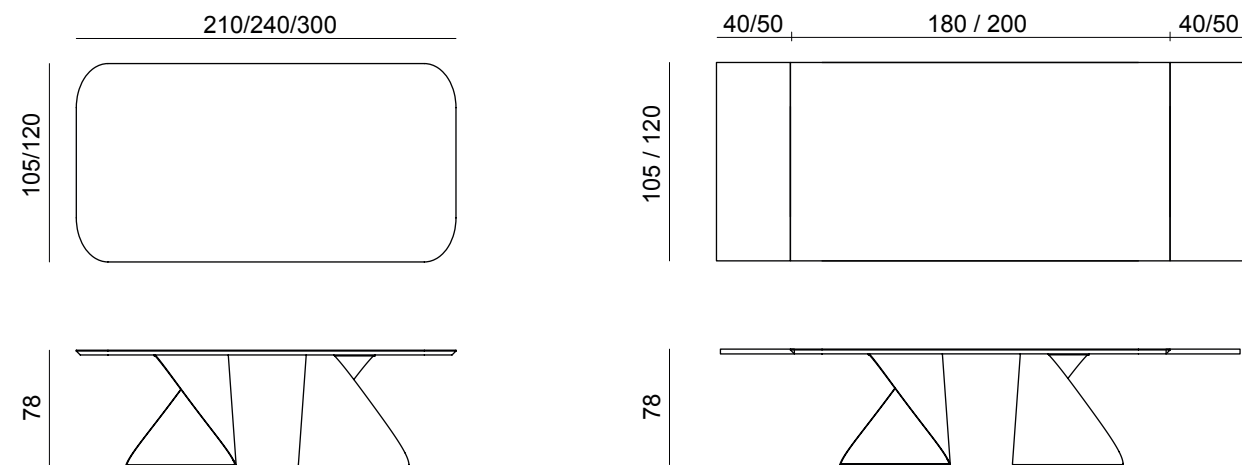

Tholos

Double leg table

Design by LATOxLATO

For a charming dining area solution, Encore presents an elegant rectangular table. Two curved metal plates are the pillars on which the rectangular top in precious ebony, glass or lacquered rests.

The table characterized by a material contrast between the metal base and top finishes.

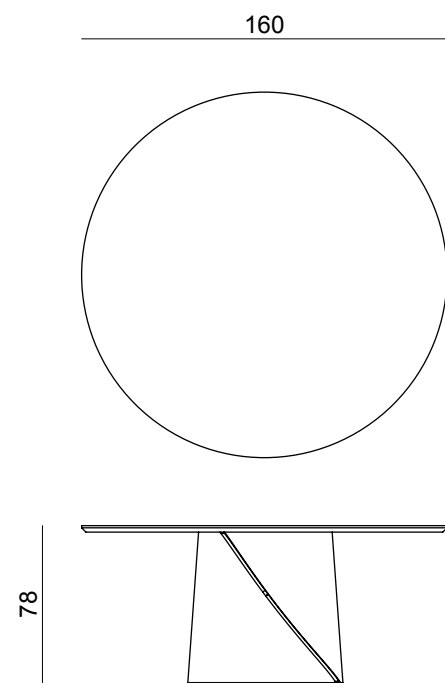

Tholos

Central single leg table

Design by LATOxLATO

Tholos table is a shimmering statement piece composed of a round top held up by a metal base . A composite of contrasting elements, massive and sophisticated, strong and passionate, the set is a harmonious and timeless whole. The material interplay of elements increases the subtle yet theatrical impact of this table. The metal plates are positioned either divided to give support to a rectangular table or semi-united to give support to a round table.

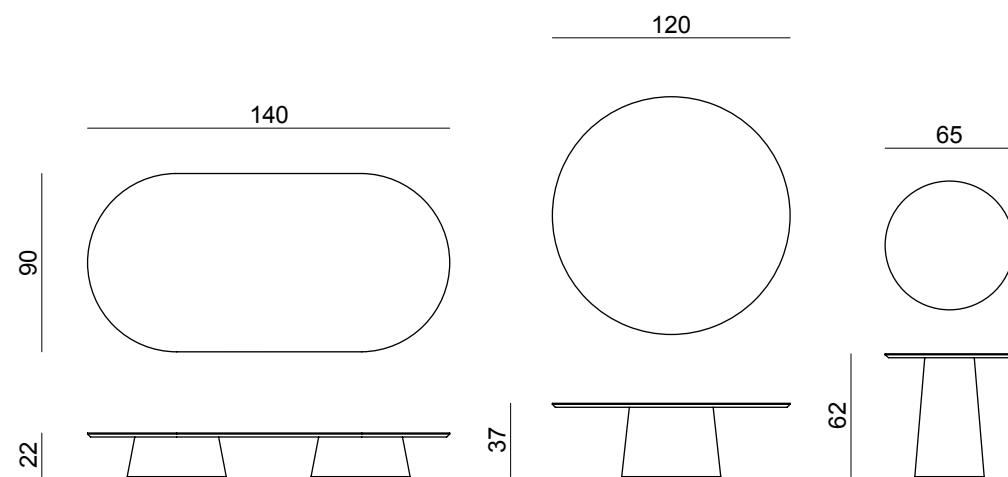

Tholos

Side table and coffee tables collection

Design by LATOxLATO

Tholos coffee tables represent the perfect combination of essentiality and elegance in material contrast. A metal conical body supports the round top in stone, glass or lacquered wood.

Tholos tables are made up of three volumes, which can sit separately or overlap, offering greater versatility.

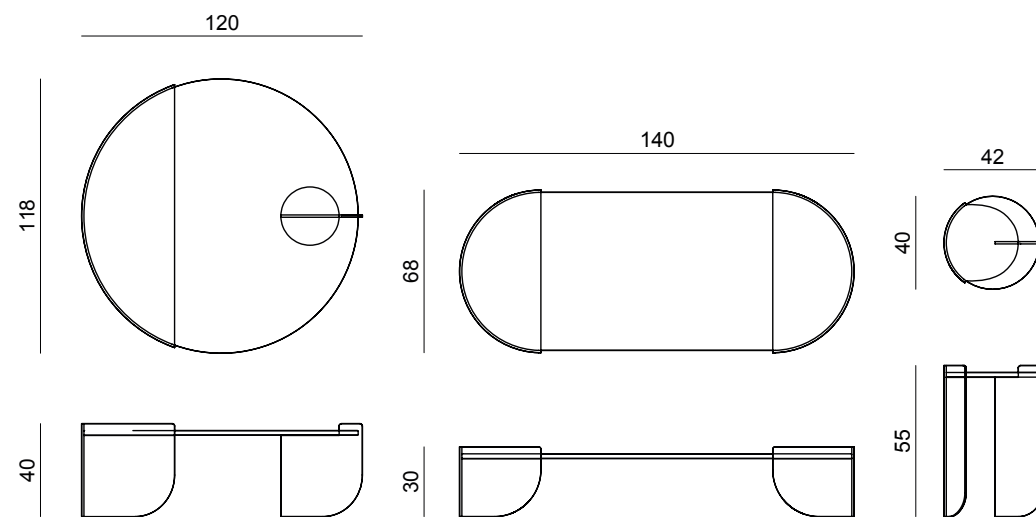

Osiris

Side table and coffee tables collection

Design by LATOxLATO

With its glossy, opulent appearance, Osiris is made up of 3 volumes, which can sit separately or overlap, offering greater versatility. It is the right choice for every space to be placed right in front of a sofa or next to an armchair or even paired with some cushions on the floor for a traditional oriental dinner.

Osiris was thought in a gold looking finish, with a customizable top material.

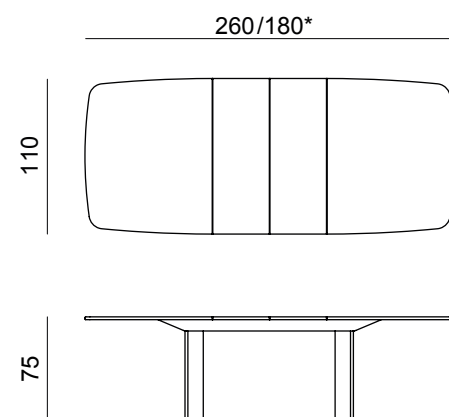

Torii

Double leg table

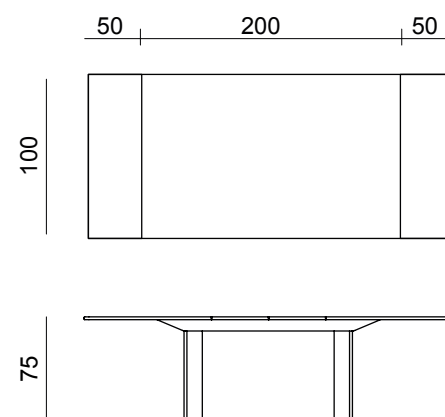

Design by LATOxLATO

The inspiration for the Torii table comes from the clean, sculptural lines of the ancient Japanese gates that littered the sacred, meditative spaces of sanctuaries. With this luxury reinterpretation, we wish to bring a piece of the same peaceful and imposing presence in our environments.

As for tradition, it is made in a wooden finishing, but with some brass accents to add some unique feature to its very essential design.

Dobos

Central single leg table

Design by LATOxLATO

A collection of tables made to propose a modern clean look with a slight organic edge. The table comes in two shapes and different sizes to fit every dining room.

The slated round legs and chamfered top are made in lacquered wood, presenting a various range of colours to blend with the interiors of the house. Complemented with brass finishes, it is the perfect timeless piece.

Bonnet

Upholstered chair

Design by **ENCORE design studio**

The bonnet is the iconic headpiece every Victorian woman need in her wardrobe. Often lined in high quality materials, no outfit was complete without one.

Made in a classical shape for everyday use, Bonnet is the right chair to blend in every room.

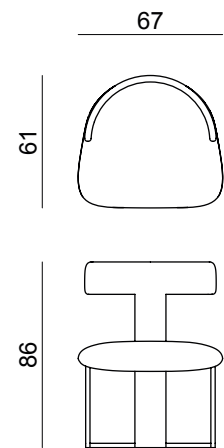

T-Chair

Upholstered chair

Design by LATOxLATO

With its formal, essential lines, T-chair is a modern take on a classic model. Made to bring a touch of luxury to the table, it gets its name from the elegant T shape of its back. In its simplicity, it is probably one of the most iconic pieces.

Available in a vast array of textiles and metal finishings, it can easily conform to your interior design style.

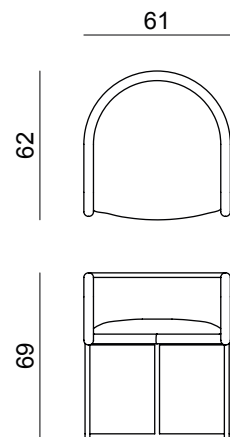

C-Chair

Upholstered chair

Design by LATOxLATO

C-chair is a lower back interpretation of a modern chair. It brings its modest height to the table, ensuring a minimalist appearance while still offering lumbar support. C-chair derives its name from the upper shape of its seat.

Available in a vast array of textiles and metal finishings, it can easily conform to your interior design style.

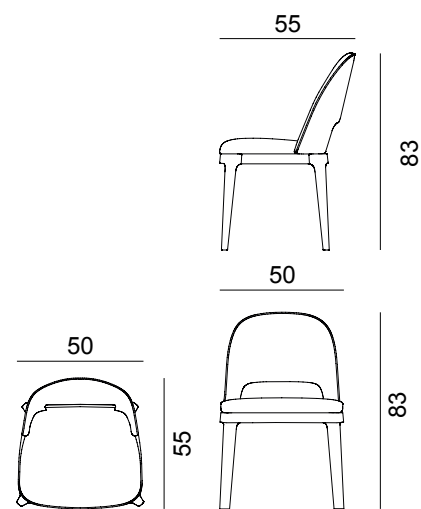

Rose Chair

Upholstered chair

Design by LATOxLATO

Taking inspiration from one of the oldest, most well-known flowers to adorn the gardens of Italian nobility since the dawn of time, Rose chair was meant to mimic the luscious feeling of touching a rose petal, thus proposed in rich velvet or nabuk.

It is a simple, luxurious addition to any space and, like a rose, it has many uses, from the living room or dining room, to hospitality, in front of a vanity, or in a corner of your bedroom. It is versatile and perfect in every environment of a house.

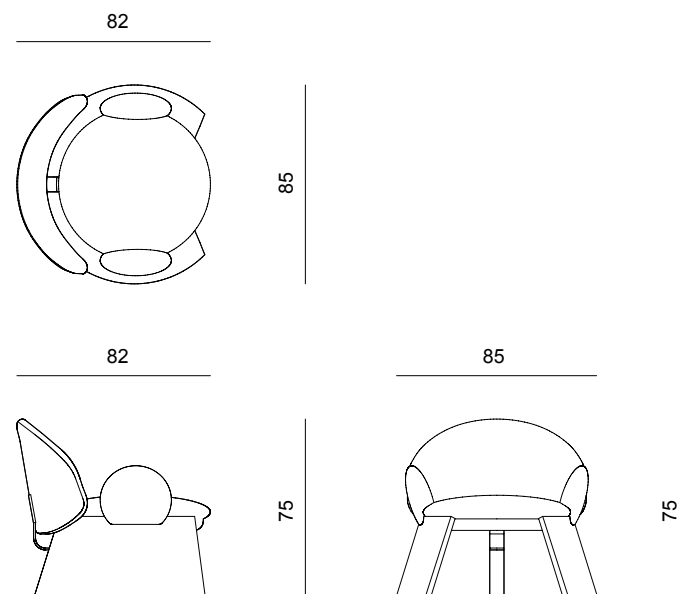

Paschalia

Upholstered chair

Design by LATOxLATO

The distinctive and refined appearance of Paschalia armchair blends perfectly in environments with a sophisticated taste, it sits atop a truncated pyramid with rounded edges to reconcile the concepts of elegance and charm. Produced with fine materials such as wood, leather, and gilded finishes.

Michelia

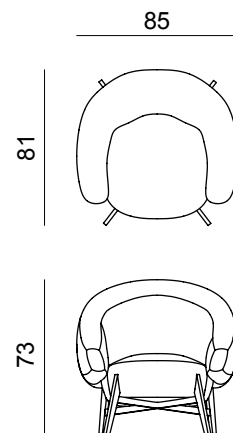

Upholstered armchair

Design by LATOxLATO

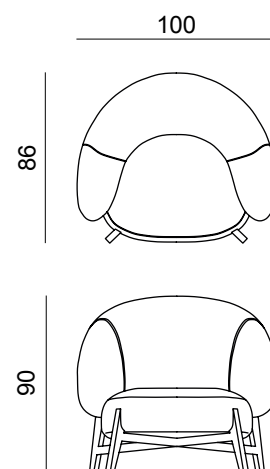

From the soft glow of a flowering magnolia tree, this armchair was inspired by the stark contrast of the off-white flowers and the rich brown of the branches. Studied for comfort, it makes a nice addition to any corner, giving this armchair the potential to become the most used piece of the livingroom.

Michelia is dressed in buclè paired with high quality Italian wood.

Michelia XL

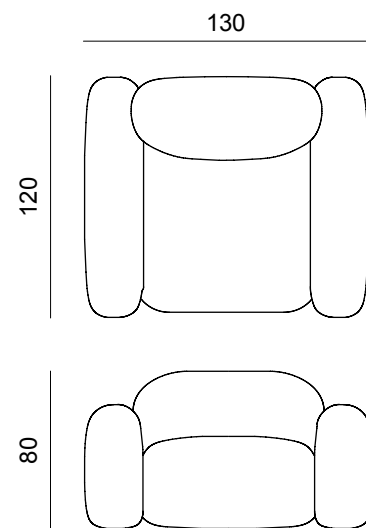

Stone

Upholstered armchair

Design by LATOxLATO

The design behind the Stone collection was inspired by the natural, organic shape of stones left to be lulled by the river currents, turning a sharp rock into a smooth, matte surface over the centuries.

Stone collection is here proposed in premium quality bouclé textile, to transpose some of the natural texture elements found around the river banks of Emilian estuaries.

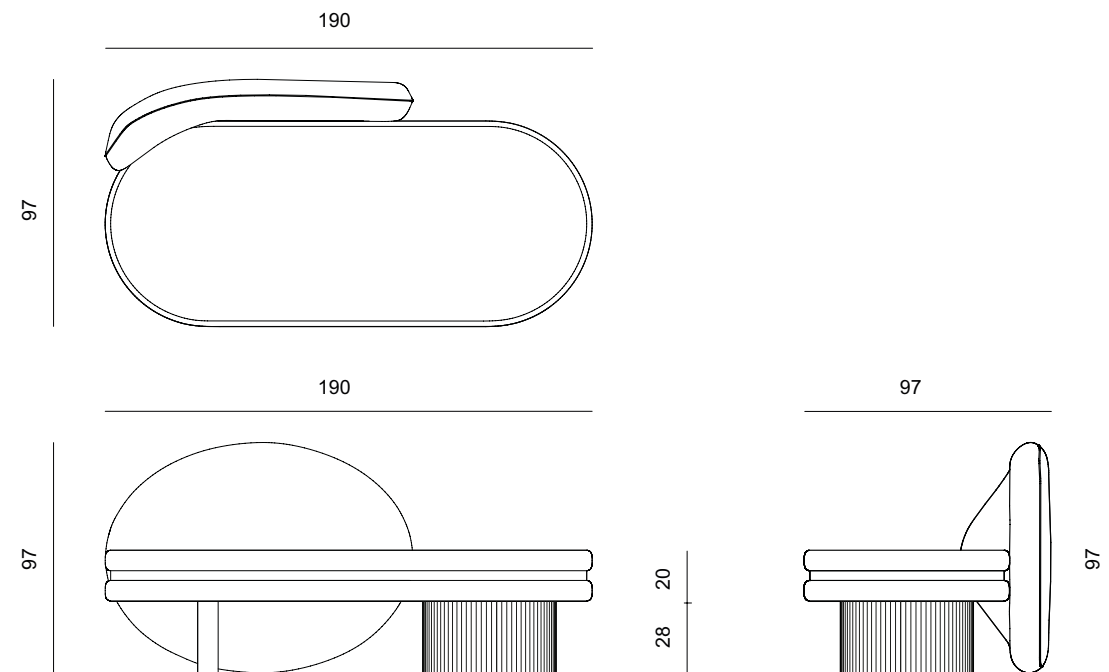

Eclipse

Chaise longue

Design by LATOxLATO

Eclipse chaise longue was conceived as a hero piece to be placed centrally in a room, thanks to its curved lines that can be admired from all perspectives; the rounded shapes, emphasized by the gold lacquered base, are made lighter by the wide empty space below the seat. The off-centered backrest makes this charming piece of furniture suitable for being used also as a small sofa.

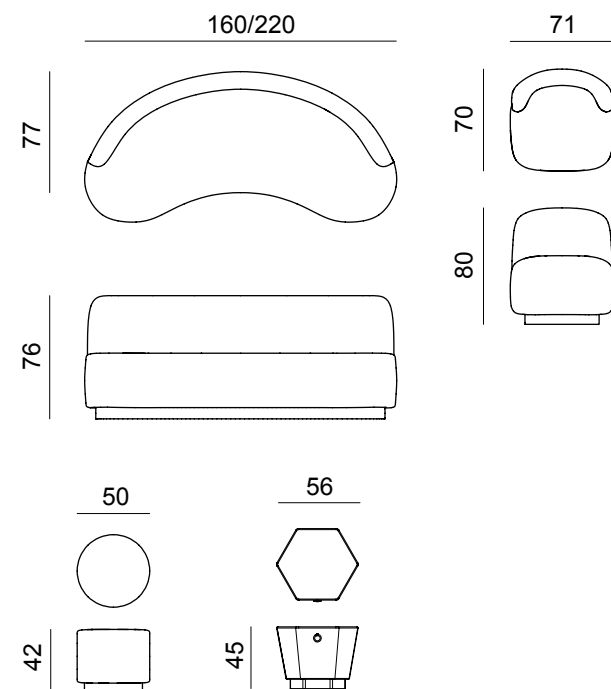

Matisse

Sofa collection

Design by **ENCORE design studio**

Matisse was the main esponent of the fauvism, a pittoric current that deeply influenced the simple lines and strong colors of this eclectic collection.

Organic in nature, it brings its sinous lines into the livingroom, with the aim to soften the sharp, straight lines of our environments. Matisse comes in a wide variety of finitures, but always with metal insertions.

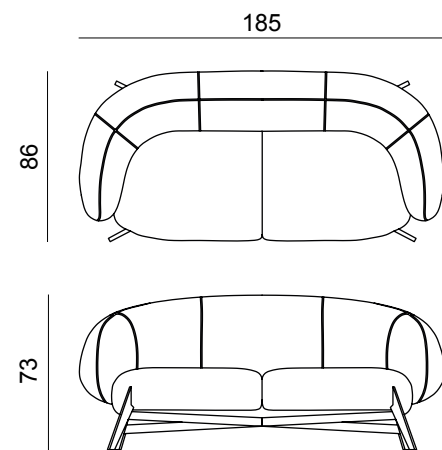

Michelia

Sofa collection

Design by LATOxLATO

Every detail is meticulously designed by renowned architect and experienced artisans to spread in Your home a sense of pure comfort & luxury.

The wooden design sofa Michelia has organic, sinuous and rounded shapes that enhance its aesthetics, punctuated by a fully engineered and hand-finished solid wood frame, it accommodates a refined upholstered bouclé seat.

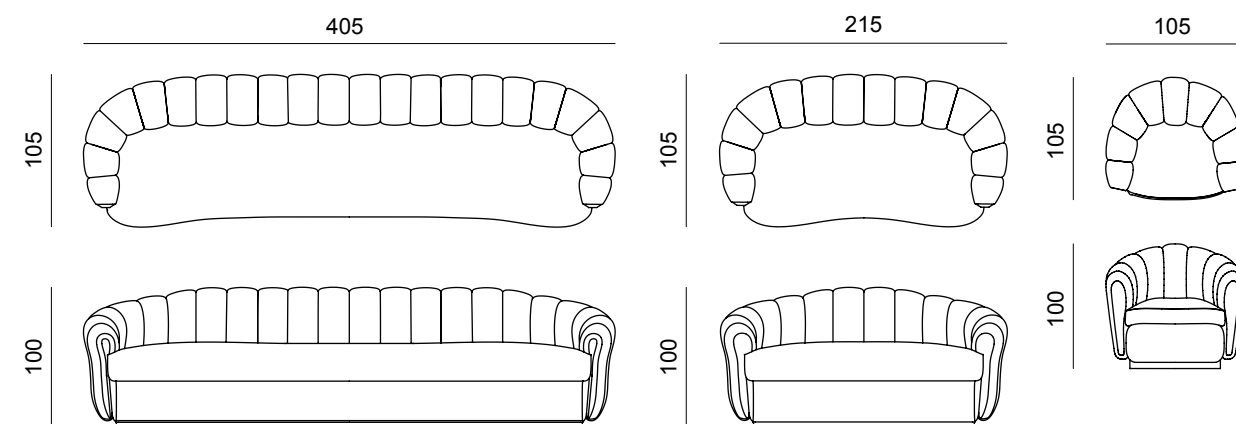

Nest

Sofa collection

Design by **ENCORE design studio**

Drawn from the florid, luscious fields of Italian hillside. The Nest sofa collection has its inspiration in the black orris flowers spontaneously dotting the grazings in clusters of velvety black crowns. With its softness, organic shape and durable materials, it is made to transform every space in a cozy environment.

As a tribute to the plant, the collection was originally thought to be made in the same velvet material and its complemented by a rounded brass base.

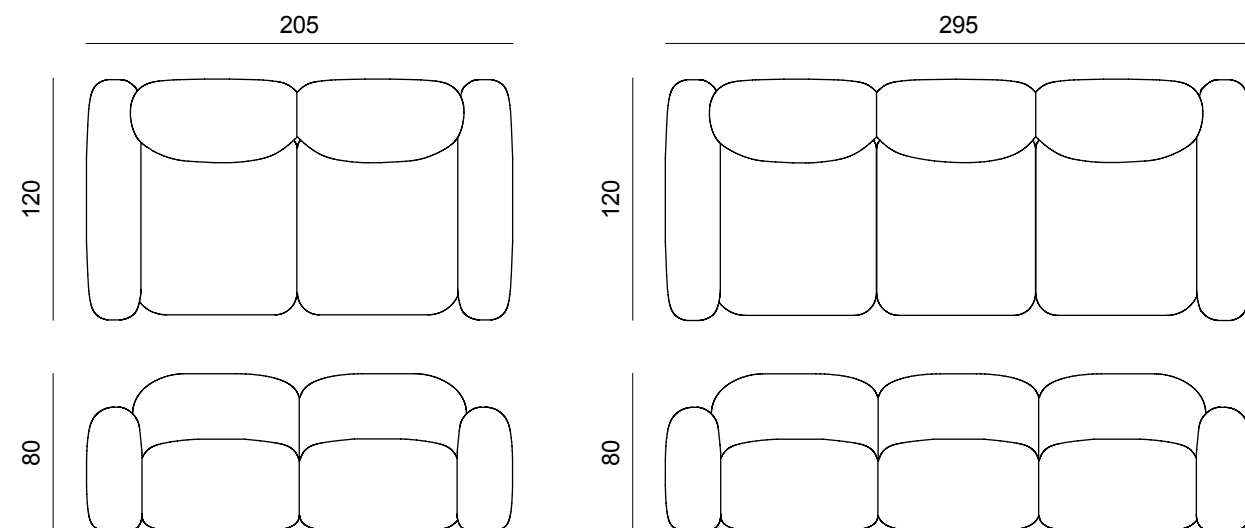

Stone

Sofa collection

Design by LATOxLATO

The design behind the Stone collection was inspired by the natural, organic shape of stones left to be lulled by the river currents, turning a sharp rock into a smooth, matte surface over the centuries.

Stone collection is here proposed in premium quality bouclé textile, to transpose some of the natural texture elements found around the river banks of Emilian estuaries.

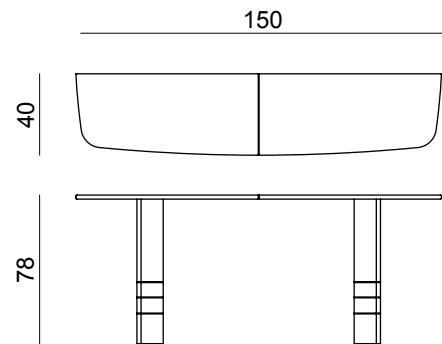

Torii

Double leg console

Design by LATOxLATO

The inspiration for the Torii console comes from the clean, sculptural lines of the ancient Japanese gates that littered the sacred, meditative spaces of sanctuaries. With this luxury reinterpretation, we wish to bring a piece of the same peaceful and imposing presence in our environments.

As for tradition, it is made in a wooden finishing, but with some brass accents to add some unique feature to its very essential design.

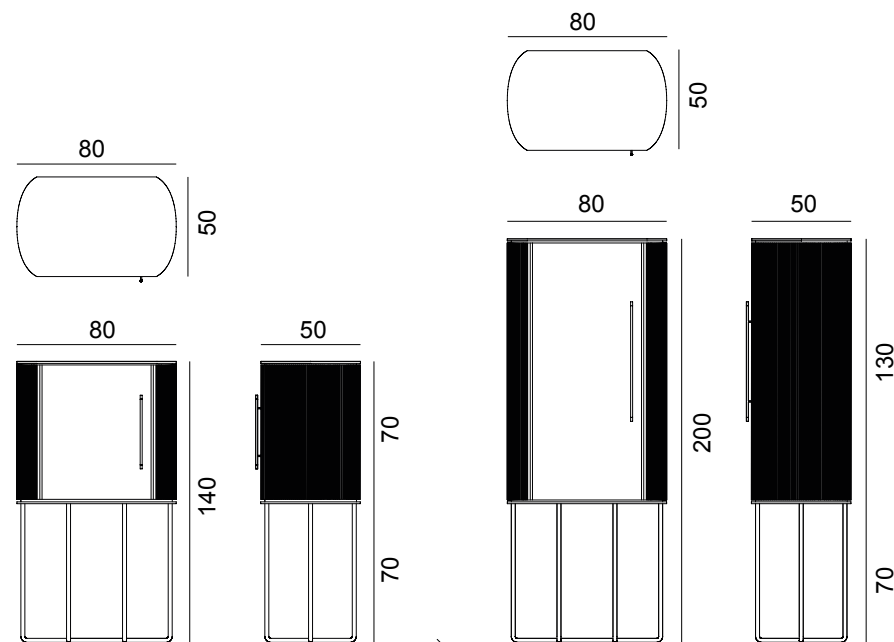

Dobos

Cupboard

Design by LATOxLATO

With its imposing modern looks, Dobos cupboard is the right piece for a foyer as well as a nice complement for a living room.

Made out of lacquered wood and a lustrous brass finish, it comes in two different configurations: display (with a glass door) or conceal (with a lacquered one) to put your objects in display, or to hide them from prying eyes.

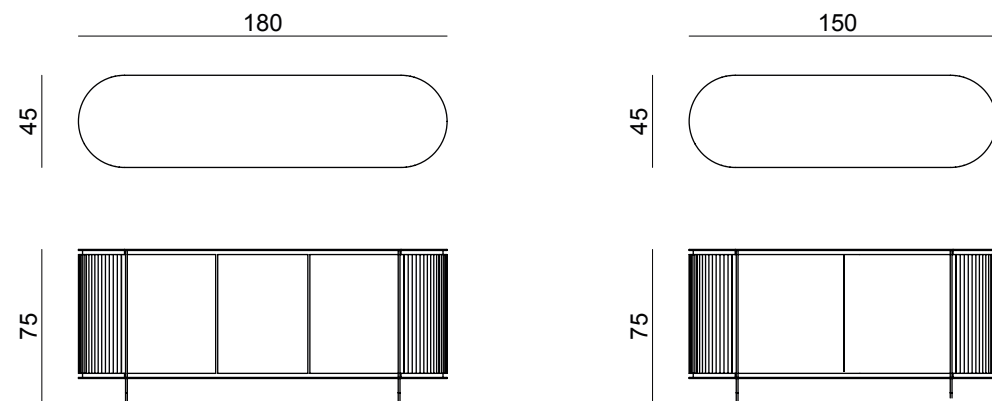

Dobos

Sideboard

Design by LATOxLATO

Dobos 3 doors sideboard features precious details, sculptural round silhouette in wooden structure, metal lines and canneté finish. A masterpiece that recalls the craftsmanship & refined handwork.

Dobos fits into any living or dining room thanks to the versatility of design & customization, which allows combinations of colors and materials with a strong scenic impact.

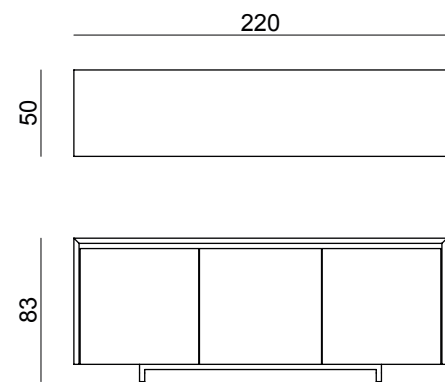

Focus

Sideboard

Design by LATOxLATO

This sideboard gets its inspiration from the roman fireplace, a staple in the tradition of every ancient house. In roman times, no living space could exist without one.

Focus sideboard, with its warm essences is going to bring warmth and coziness to the room. Focus is available in an array of wood finishes with brass details.

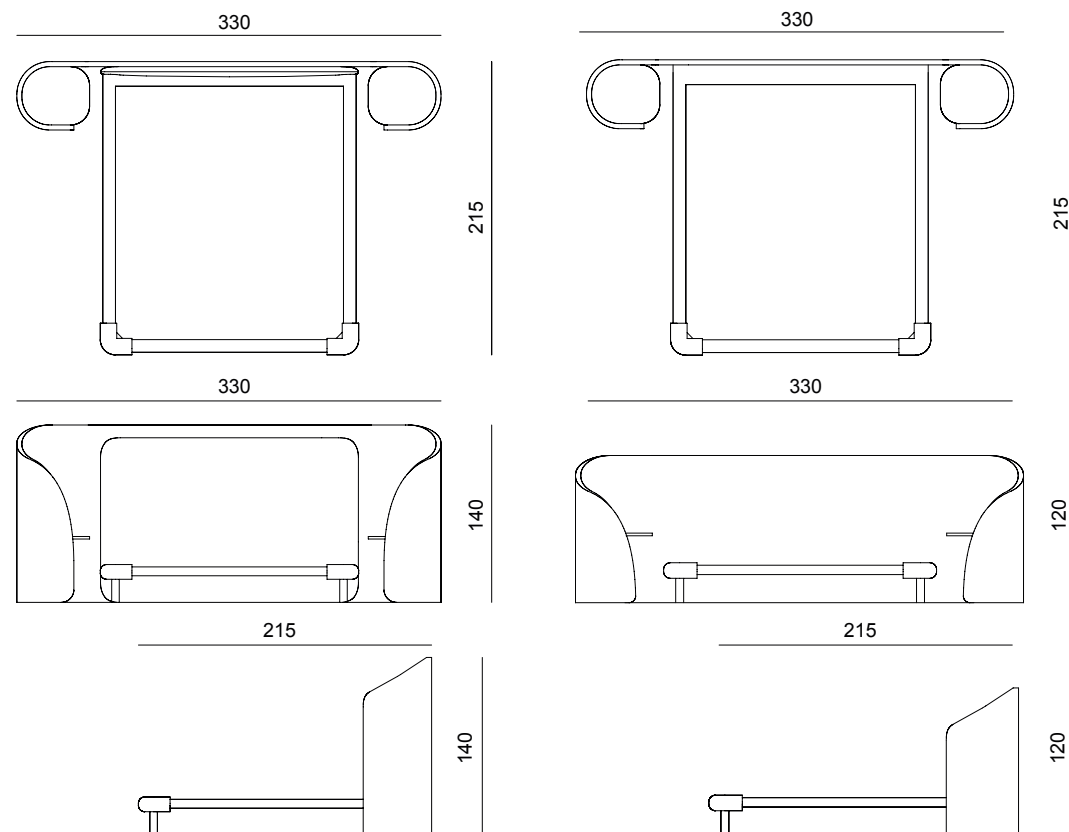

Cinnamon Twist

Double bed

Design by LATOxLATO

Born during a meditation on wood and stone, Cinnamon bed puts together high quality Italian materials and highly skilled craftsmanship to generate a sculptural piece able to offer a fascinating twist to your night spaces.

Its big, rounded frame will immediately become the central piece of your bedroom, attracting the stares of everyone in the room. This bed could be positioned in a classic fashion against the wall or to separate the space as a freestanding piece. As such, it is also perfect for hotellerie and hospitality.

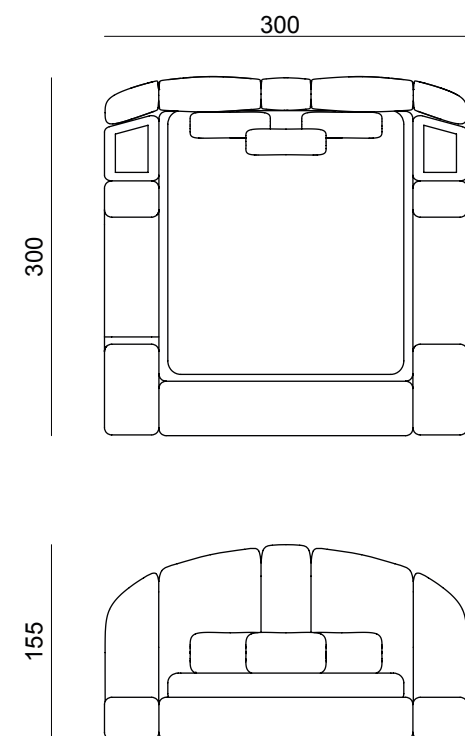

Concept 01

Double bed

Design by LATOxLATO

This bed was born from the need for an element that could adapt to all situations, from private to contract. For this reason, a study was made to support modules that would give the possibility of a system and a simple bed. The various options of aggregation of the elements allow it to adapt to any environment in which it is inserted.

The intimate and cosy space expresses the elegance and refinement of a domestic luxury, enhanced by the olive green colour. For sleeping, relaxing, regaining energy, reading, meditating, dreaming, feeling at home. Sophisticated allure and modern charm for the Concept 01 bed.

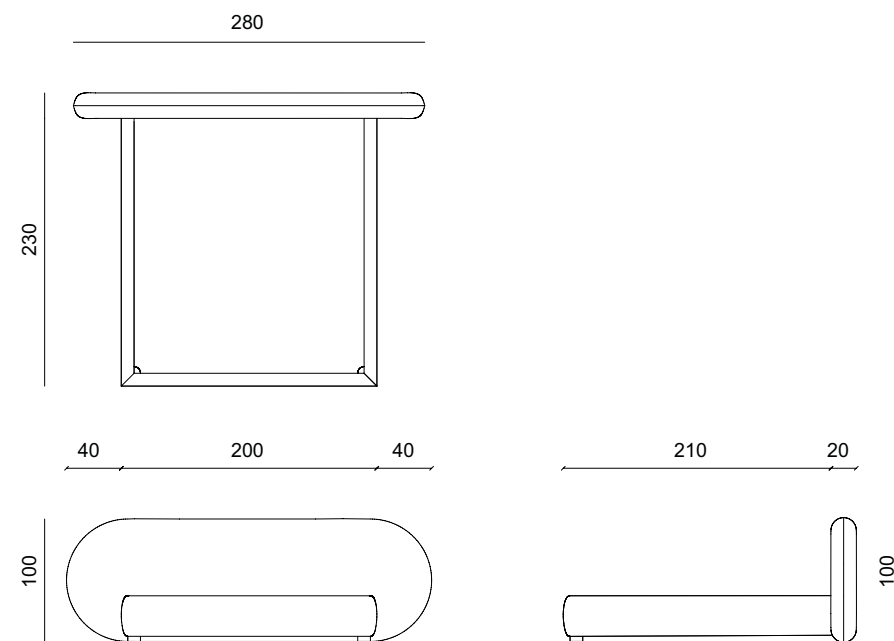

Nuvola

Upholstered bed

Design by LATOxLATO

Nuvola upholstered bed exudes elegance and conveys a feeling of luxury and impeccable taste. Its tailored details and rounded corners lend a sense of sophistication to its simple design. Its vaporous softness, fully upholstered in premium materials, and generous size creates a welcoming and sumptuous space, inviting relaxation and rest.

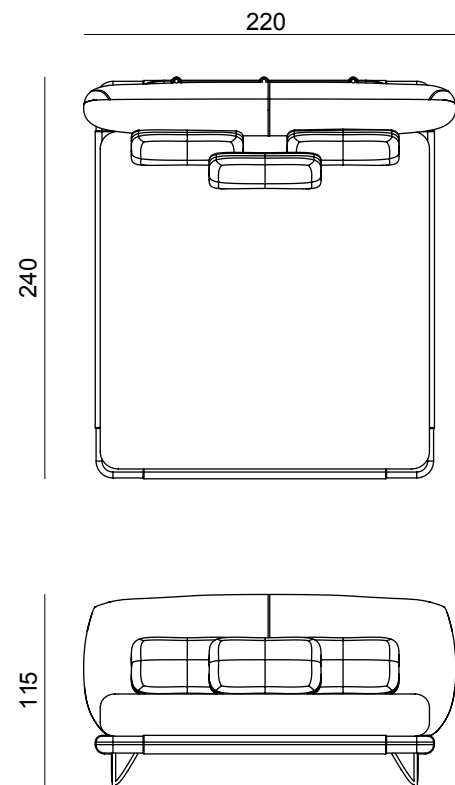

Sophisma

Double bed

Design by LATOxLATO

From the Greek Sophos: Wise, clever, this bed is a synthesis of curved lines and soft edges, made to resolve a complex process into a simple appearance while still maintaining all of its opulence. Sophisma, with its freestanding headboard, it's more than just a simple bed, it is a 360° artwork for your bedroom.

Made of nabuk leather and opaque hardwood with brass finishings, it is a modern take on what Italian tradition suggests.

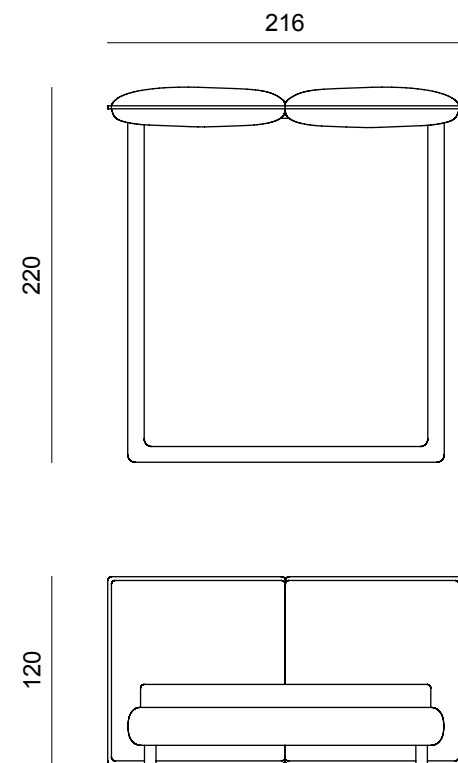

Erythea

Double bed

Design by LATOxLATO

As one of the Hesperides, nymphs of the evening and the last rays of sun, Erythea bed is designed as a symbol of relaxation at the end of the day.

Here proposed in a soft textured velvet to be warm and smooth to the touch it is meant as a comfortable furniture piece to spend the cold winter nights. Designed with a plump, supple frame to lay back and read a book in complete relax.

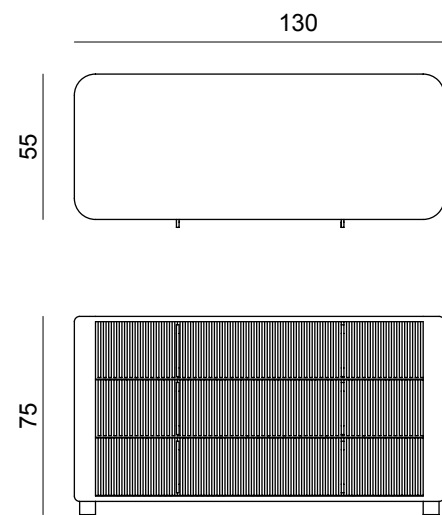

Echo

Dresser

Design by LATOxLATO

Named after the nymph, Echo Dresser is a resonance of Italian luxury and love for details. It is the perfect commistion of a sharp, clean concept, rounded by an organic, sanded silhouette.

Like a river stone smoothed by the currents, Echo Dresser shines of a natural, matte texture rendered with a fine lacquered finish.

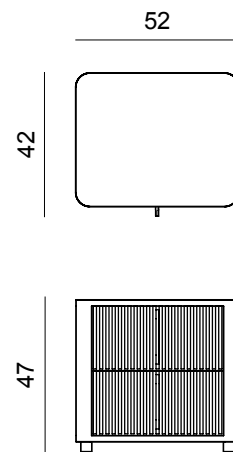

Echo

Nightstand

Design by LATOxLATO

Named after the nymph, Echo nightstand is a resonance of Italian luxury and love for details. It is the perfect commistion of a sharp, clean concept, rounded by an organic, sanded siloutte.

Like a river stone smoothed by the currents, Echo nightstand shines of a natural, matte texture, rendered with a fine lacquered finish.

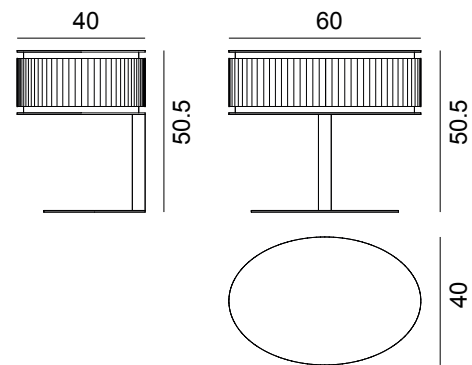

Dobos

Sidetable

Design by LATOxLATO

With this piece we aimed to mix the functionality of a nightstand with the versatility of a coffee table. Dobos side table is part of the Dobos collection, and as such, it is made out of wood and fine metal sheets in a brass finish.

The customizable length of the supporting base gives you the freedom to put it next to a bed, next to an armchair or to blend it in a coffee table composition. Everywhere you put it, it will help to collect and conceal all the clutter generated during your daily routine.

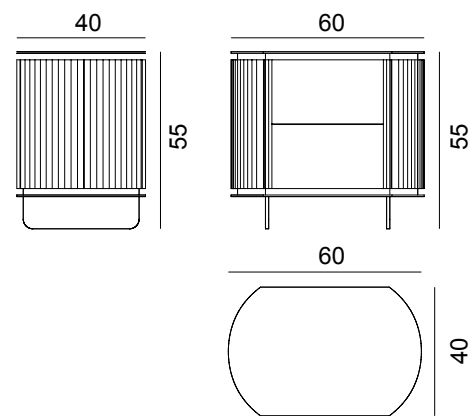

Dobos

Nightstand

Design by LATOxLATO

For the Dobos collection, another object to complement your bedroom with a luxurious piece of Italian design.

Made out of wood and fine metal sheets in a brass finish, this nightstand is designed to bring a modern feel with its rounded, slated wood sides, contrasting with the sharp lacquered wood of the drawers.

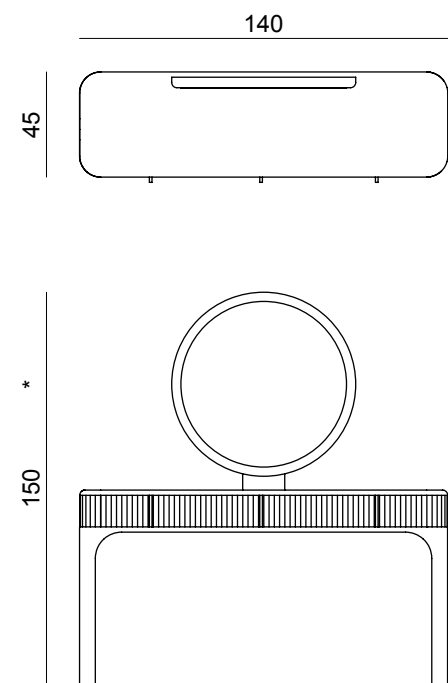

Echo

Vanity with mirror

Design by LATOxLATO

Named after the nymph, Echo Vanity is a resonance of Italian luxury and love for details. It is the perfect commistion of a sharp, clean concept, rounded by an organic, sanded silhouette.

Like a river stone smoothed by the currents, Echo Vanity shines of a natural, matte texture rendered with a fine lacquered finish.

Mirror included

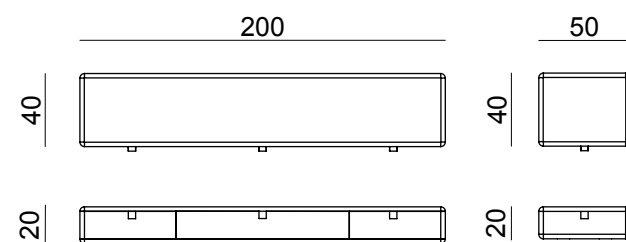

Paradigma

Nightstand & console collection

Design by LATOxLATO

With its soft, essential lines, Paradigma is, as its name suggests, the epitome; the perfect example of its kind. With this philosophical interpretation of the Italian countryside, this collection has been realized to bring the best of Italian materials and craftsmanship into your houses.

Paradigma collection is made of hardwood and nabuk leather, two very simple materials to ennoble a very clean, functional design.

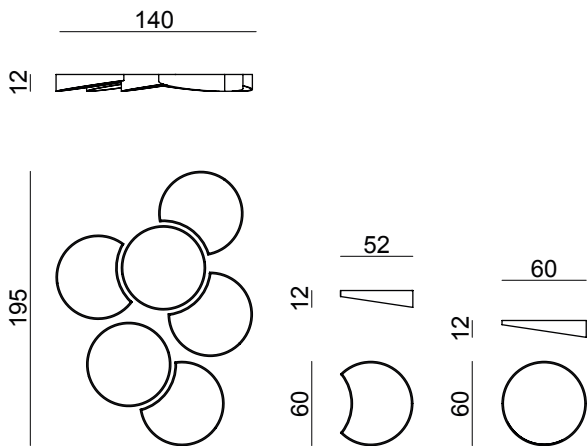

Bolla

Floating wall mirror composition

Design by LATOxLATO

Bolla Mirror enchants with its gold metal frame, it represents a masterpiece of precision in the combination of materials. Its design takes an irregular form covered with mirrors that are cleverly joined to create an elegant composition.

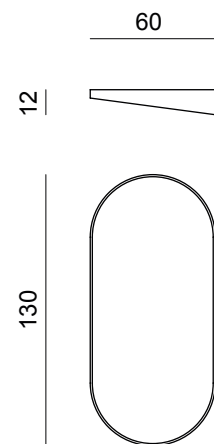

Echo

Floating wall mirror

Design by LATOxLATO

Named after the nymph, Echo Mirror is a resonance of Italian luxury and love for details. It is the perfect commistion of a sharp, clean concept, rounded by an organic, sanded silhouette.

Like a river stone smoothed by the currents, Echo Mirror shines of a natural, old brass texture.

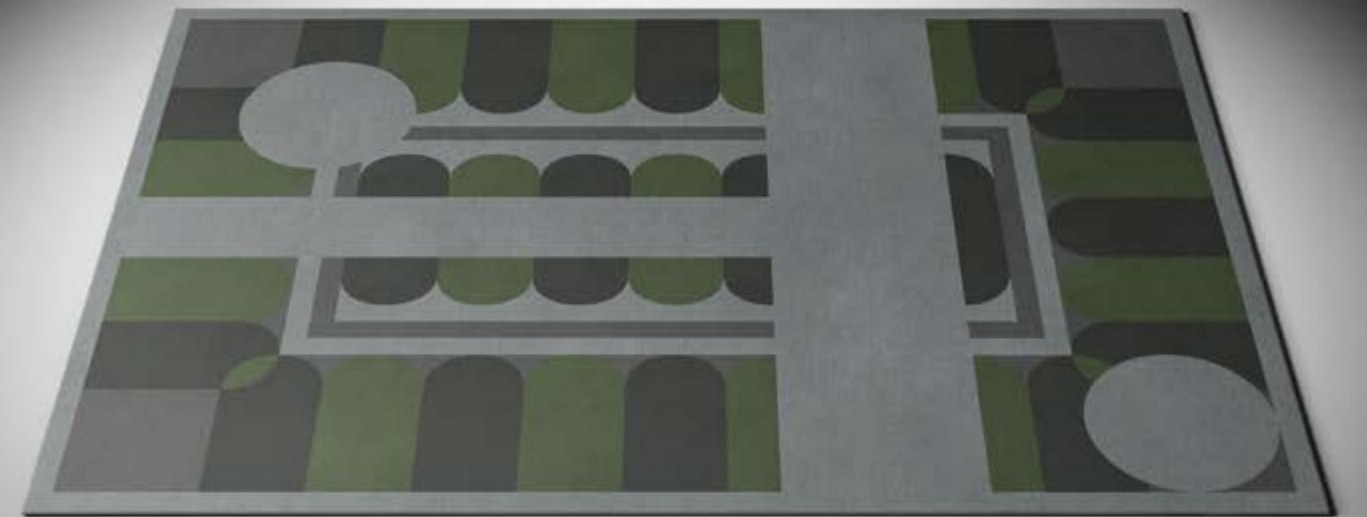

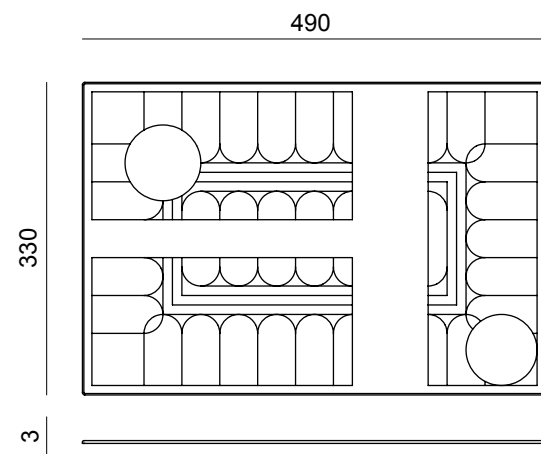

Central Park

Hand-knotted carpet

Design by LATOxLATO

From the topiary art of NYC, This carpet aims to bring our houses the feeling of nature and manmade landscape.

Central park is bringing a part of the same relief we feel when we are surrounded by plants.

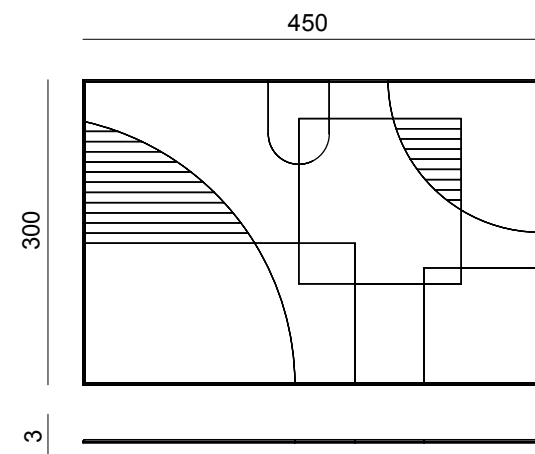

Illusion Black

Hand-knotted carpet

Design by LATOxLATO

Drawing inspiration from the intersection, blend and movement of changing shapes, Illusion carpets aims to represent the pattern of an artistic mind.

Warm and soft, Illusion carpet is made to blend with the other pieces of the catalog and let them shine.
